Practice after class

Brandon / David (G6) | October 2, 2026 | 7:30-8:00 p.m. KST

A. Six core words

seep / gingerly / survey / makeshift / solemn / exhausted

1. Water began to _____ into the hole.

2. He touched the sore spot _____.

3. Each day, Salva would _____ the group for his family.

4. They built a _____ shelter from available materials.

5. Uncle looked _____ as he prepared to speak.

6. After ten hours of walking, everyone was _____.

B. A paragraph with evidence

How do Marial and Uncle help Salva in different ways? Write 3-4 sentences. Include one detail about each person and try one new word.

C. Your own sentences

Choose three other words. Write original sentences in your notebook.

Review note: similar meanings are approximate. Words such as clay, honeycomb, generation and rifle have no exact everyday synonym in every context.

Answer guide

Brandon / David (G6) | October 2, 2026 | 7:30-8:00 p.m. KST

A. Vocabulary answers

1. seep 2. gingerly 3. survey
4. makeshift 5. solemn 6. exhausted

B. One possible response

Marial helps Salva feel less alone by walking with him and making him laugh. Uncle gives Salva practical support by promising to care for him and finding food. Uncle also stays close as the exhausted travelers continue their journey. These relationships show that people need emotional support as well as help with survival.

Responses may differ. Check that each claim has a detail from the chapters.

Reading focus

At the end of Chapter 6, Uncle’s face and the crying suggest that something serious has happened to Marial. The exact explanation belongs to the next chapter. A prediction should remain a prediction until the text confirms it.
